## Eling to Holbury cycle route improvements

Take part by  
**3 September  
2021**

Share your views on proposals **to improve cycling from Southampton to The Waterside.**

The proposal will enhance the cycling route between Southampton, Totton, Marchwood, Hythe and Holbury and will connect to existing cycle and pedestrian networks in these areas.

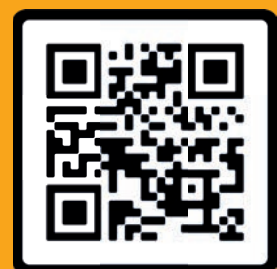

It is funded by the Government's **Transforming Cities Fund**, which will improve cycleways, footways and road crossings across the Southampton City Region. This will help more people to walk and cycle, as well as improving bus travel and connecting different types of transport.

Find out more and complete the online response form by **Friday 3 September** at [hants.gov.uk/tcfsouthampton](https://hants.gov.uk/tcfsouthampton)

Or request a paper copy by calling **0300 555 1388\***

\*0300 calls are usually included in most landline and mobile call packages and if not, cost no more than calls to normal home or business landlines.
