Hello,

I would like to submit a freedom of information request regarding the outdoor gym equipment at Gang Warily Recreation Ground. Please could you advise:

2. Which metrics Fawley PC used to perform the cost benefit analysis to determine if this is a good use of taxpayers' money & if FPC has any data regarding the actual usage of this equipment?

[There are no documents available. There are no records relating to use.](#)

3. If any further spending on outdoor gym equipment / table tennis tables is planned by FPC? [There is no planned expenditure on such equipment](#)

4. Which company supplied the equipment and how many companies were invited to tender for the supply / installation of the equipment?

[There are no documents available](#)

I look forward to hearing from you.
